EDITORIAL

NUMBER 7 - NOVEMBER 1995

Welcome to number 7 of Rampage and as usual we hope you have an enjoyable read.

Over the last couple of months we've put a lot of time and effort into getting Rampage back on the road and that's included a lot of hard earned cash aswell. We've sent out over 150 "FREE" copies to various bands, zines, record labels,distribution services and others connected to the scene in an attempt to gain news etc,the response has been good.....but we think it could be better!!

We want to build Rampage into one of the best skinzines around (if not the best) but you've got to help.Give us your support,send in any news or info, become a distributor of Rampage,do anything you can and our goal will be reached.We know that the zine seems a bit thin but there are 16 pages (as many as some well known publications), but it's all up to date news,not news that is 3 months out of date.The amount of pages will increase in time and we are also looking into buying computer equipment and will talk soon with a few people about colour printing etc. With your support,input and patience the quality of Rampage will be upto that of Resistance and Nordland.

With that said we will bid you farewell until December,until then keep the skinhead faith and victory will be ours

all the best
skinhead regards

KONTATTO ESTREMO

As mentioned in number 6 of Rampage we received a demo tape from a new band in Italy,that band is 'KONTATTO ESTREMO'.The band only formed in March 95,the line up being:- GIO - DRUMS.
MAURO - GUITAR.
MAX - BASS.
EMI - VOICE.

The demo 'SUL MUSO' is very well put together with a good fold out cover (right) and contains 4 songs. 1.'IL NOSTRO MONDO'(OUR WORLD) is a song against immigration. 2.'KONTATTO ESTREMO' (EXTREME CONTACT) is a song dedicated to all the skinhead football fans. 3.'KRANIO RASATO'(SHAVED SKULL) is a song dedicated to the working class. 4.'SUL MUSO'(ON THE MUG/MOUTH) is a song dedicated to skinheads from Italy and the rest of the world.

The sound/music on this tape is excellent and anyone into bands like 'ADL 122','PEGGIOR AMICO' 'CORONA FERREA' etc will surely like this one.

To contact the band for more info on this demo or other band news write to either:-

WORLD OF SKINHEAD

Did you see it? "WORLD OF SKINHEAD"(HA! HA!). If that was the 'World Of Skinhead' then I don't know where I've been for the last 14 years because I just couldn't relate to the programme.

I turned on to channel 4 late one Saturday night to see what they had to say about the skinhead way of life and the introduction began - "Prepare now on 4 in Tribe time to find out the truth on how it really is in the world of skinhead".....I should have turned it off there and then because the next hour or so was the usual strange and twisted thing the media loves to portray.

From start to finish we were shown sharp,anti facsist,black,brown,yellow and even jewish skinheads,with only Paul (No Remorse) and the young lads of 'Crashed Out' speaking up for the majority of skinheads-'the white working class'.Roddy of 'The Oppressed' was featured and spouted off what we're used to hearing from him that "Skinheads came out of 2 cultures,the British working class and the Jamaican

NEWs NEWS

Well, we've reached the pages of latest news,with no hanging around we'll get straight into it..... .....The German Oi! band 'RABAUKEN' played a big gig in East Germany for skins and punks and it went well.They hope to record a new L.P later this year (perhaps in November).They also mention that they would like to play here in England,anyone who can help write to:-MARIO,P.F 2231,40679 ERKRATH,GERMANY.

The band 'CRASHED OUT',the young lads who featured on the 'World Of Skinhead' programme (for anyone who saw it) have recorded their debut single 'Memories Of Saturday/Fight Back' which is a double A side,out on Hammer Records and due for release at the end of November.

The Italian band 'CORONA FERREA' have been in touch with some interesting news.First they have copies of the first Italian skinhead compilation C.D 'Fuori del Ghetto'(Out Of The Ghetto) which has 2 of their songs on.It'll cost you £12 inc P&P.....They are now working on a full length C.D of their own to be released in early 96,plus 2 songs for a Polish compilation C.D.....On Dec 23rd they hope to play in Budapest/Hungary,and there are plans to play Spain at the end of November.

Another piece of information that they sent us was with money they've raised from gigs,C.Ds etc they will try to open a club in Milan.In the club there will be a pub,concert hall,rehearsal rooms and library.They hope this will be open by the end of the year (we wish them all the best).To contact them write to:-

News has reached us that there will be a new distribution service starting up in Belgium in the near future dealing in records and C.Ds.The lads behind it are in the process of getting things together and they tell us that it should be up and running in 1 - 2 months.We'll bring you more news when we have it...

While we're talking of Belgium,as promised in issue 6 we have got more details about the gig next year with 'LAST RESORT','THE ELITE' & 'THE PRIDE'. It takes place on January 27th in Flanders and it will cost you 500 Belgium Francs(£11). The gig is ALL TICKET and there are only 500 tickets.Write to:-
BIEZE BIEMSTMAN,ZANDSTRAAT 169,8200 ST ANDRIES,BELGIUM.

We received a quick note from Germany to say that the band 'FREIKORPS' had to split due to problems with the political police.The good news is they have a new band on the go called 'HOLSTEINER'.(We wish them all the best).

Skinheads

Some sad news has reached us from Italy that 'BLOCK 11's drummer has lost his brother in what sounds like a gun fight.

Back to Belgium again.At a recent punk/Oi! festival in Antwerp it seems there was a revenge attack by skinheads and hooligans against ultra left wing punks resulting in the punks getting beat to shit. "Revenge is sweet".Also after the gig fights broke out with punks V punks,then the punks fought with skinheads,we've been told that at one point around 100 people were involved.

There is talk of a '4-SKINS' gig aswell in Belgium.We don't know how true this is,but we'll bring you more when we hear anything else.

NEW

WARLORD

We've heard about a number of new bands forming and joining the B&H scene,'WARLORD' are one of those bands.We decided to send them a few questions to see what they've got to say for themselves.

1.First can you introduce the band members,do you have any musical experiance?

'Warlord' consists of four people, there's me(WHITEY) on vocals and I have absolutely no musical experiance except a few goes on a karaoke.There's 'STIGGER' playing lead guitar and as most people already know he played with Skrewdriver,as well as guitaring for many other bands.There's 'GRAHAM' on bass,he used to play for the band Avalon,he's also done work for other bands.Finally there's 'MUSHY' on drums who also played for Skrewdriver.

2.You recently played your first gig, 'The Ian Stuart memorial',how did it go,how did it feel?

I was quite nervous to be doing our first gig in front of such a large audience as we had only one full practice before hand,but the crowd seemed to respond to the band really well and we all enjoyed ourselves once we had got going.It felt very good and exciting and we were pleased to play for such a lively audience.

3.We noticed you played a full set of Skrewdriver covers,will this be an on going thing or do you have plans to record your own material?

Yes we did do a full set of Skrewdriver numbers,but that was due to the gig being such a short time away from the band forming.We will as time goes on replace the Skrewdriver songs with our own numbers,but I hope we will still do some Skrewdriver songs when we've been round a while.

4.About recording,do you have any lined up or planned?

We are hoping to have a C.D out before the end of the year,we already have the lyrics to plenty of songs and we are rehearsing with four we have music to.We will be recording in London once we have enough material.The songs are a varistion of sounds that should appeal to most skinheads and anyone else who'll give it a listen.

5.Do you have any merchandise available or planned?

The only merchandise we have at the moment is our first t-shirt which will be available anytime now.The t-shirt is black with a white print of a vikings head with red eyes.It's surrounded by celtic knotwork and below is a red celtic cross with 'Warlord' underneath. This will probably be out at the next gig you go to,we should also have a long sleeved shirt out in the near future. (Write for more details).

6.Where can people contact the band?

We haven't got a P.O box yet but we should have one as soon as we are established.If anyone wants to get in touch they can do it through 'British Oi!' magazine or 'R.I.D' at:-

WARLORD
C/O P.O BOX 249
DERBY
DE21 9EG
ENGLAND.

7.What are your views on the current live scene?

The atmosphere on the live scene is good,but not as good as it was a couple of years ago.There seems to be a bit of hostility in the air which I don't like because there are enough people out there who hate us without falling out amongst ourselves,we should all join together and put all our energy into fighting our red enemies and just concentrate on enjoying ourselves at concerts.
I think the turnouts for gigs are very good,a lot of people have to travel a long way and have to endure all sorts of problems on the way (reds & police) but they still manage to get there.
I think the quality of the bands on the live scene is excellent and they just seem to be getting better,a lot of the bands have worked really hard since Ian died,which I think is good because it gets one over the commie scum who thought we would all collapse.

8.How strong is the scene in the east Midlands?

The scene in the East Midlands is very strong with a lot of good lads who try and turn out for as many gigs as possible both local and national,they also host a lot of gigs and social events.

9.Skinhead and connected bands have suffered due to blacklisting by the music industry/media,what do you think of this?

R.I.D
Renewal Of Identity
P.O BOX 249,DERBY,DE21 9EG.

STIGGER

It makes me very angry that we are denied our voice and freedom to sing about things very important to us.They even try to stop us playing to people who want to listen to the music,whilst it's O.K for people to listen to music about black power,cop killing,drugs, homosexuality and any other crap that in a proper civilised society would be deemed unacceptable.

10.Skinzines are the scenes media,what do you think of them? Do they do a good enough job?

I think skinzines do an excellent job, they are a very good way of finding out what is happening on the scene,they are also a good way of voicing our views and opinions to people all over the world.

11.Were any of you unlucky enough to see the 'WORLD OF SKINHEAD',what did you think of it?

Hmmm,I thought it was very amusing,but I can't remember much about it because it was on a weekend night,which is probably the best time for it,when no ones in.

12.Any last words or message for the readers of Rampage?

Don't give up what you believe in,I know it gets hard and it will only get harder but if we keep on fighting and show them how determined we are to win we can only succeed.We must stand united and stick together,then we will be one mighty force to be reckoned with and then there will be no stopping us.

working class", but even he admitted that "If Oi! was around in 69 skinheads would have all been into that" and we all know that Oi! was the breeding ground for the R.A.C scene of today.

But still,it was the usual filth we expect to see on the T.V screens,yet another attempt to bring down the skinhead way of life and hijack our cult and turn it into a multi racial way of life.So long as they realise there are still a lot of proud white working class skinheads around and we'll keep on fighting to keep it this way.

That's all I've got to say on this subject but if you've got anything to say on the subject drop us a few lines,we'll finish by quoting a few lines that Paul Burnley had to says:- "Skinheads should be remembered as the ultimate cult, skinheads have by far out lived their sell by date as printed by the authorities".

UNI-OWN JACK

Taken from the 'MORE WORKING CLASS ANTHEMS' L.P (HAMMER RECORDS). Written by 'Reeves/Townsend'.

CHEAP IMMITATIONS / UNI-OWN JACK

So where did you copy the look-
Joe Hawkins straight out of a book
got that suit from Carnaby Street-
made by a paki don't fit too neat
advertise for second hand clothes-
original smell of 60s B.O
it's a fashion,not a way of life-
these old cliches will never die

CHORUS

CHEAP IMMITATIONS
CHEAP IMMITATIONS
CHEAP IMMITATIONS
THAT'S WHAT YOU ARE

Say you're proud to be a working man
traditional values you don't understand
you won't call a spade a spade
scared to upset dikes and gays
got your spirit of 69
but no rebellion and no fight
the day society accepts your type
that's the day that skinheads die

got yer Trojan,Last Resort
yer Sham and yer Ska
yer Skinhead Times,cockney slang
yer Oi! Oi! having a laugh
